## Lull in Fighting Upon All Fronts is Reported; Artillery Duels Only and Trench Raids

Latest Reports Show British Busy Consolidating Gains Made Along Hindenburg Line—Germans Did Not Renew Counter Attacks Repulsed by French With Heavy Losses Also Quiet on Italian Front.

(By Morning Bulletin Leased Wire)  
LONDON, May 22.—"Our troops successfully raided the enemy's trenches east of Vermelles at noon today," says the war office statement tonight.

"On the rest of the front there was nothing of special interest report. One German airplane was brought down in the air fighting yesterday and another hostile machine was driven down unengaged. One of our airplanes is missing."

**Reims Again Bombarded.**  
PARIS, May 22.—The official statement issued by the war office tonight reads:

"The artillery action took on during the course of the day a character of great violence in the region of Vaucelles and California and east of Chevreux.

"The Germans yesterday and today submitted Reims to a very powerful bombardment."

**Quiet On Italian Front.**

ROME, May 22, via London.—A lull occurred on the Italian front, further infantry action being undertaken. Austrian attacks east of Gorizia and at several points on the Trentino front were repulsed, day's official statement reports.

**Berlin Says Nothing Happened.**  
BERLIN, May 22, via London.—The official communication issued this evening says there is nothing of importance to report any of the fronts.

**Can't Last Long.**

LONDON, May 22.—Although on both the British and French fronts period of virtual inaction continues, except for minor trench raiding operations by the British and artillery duels of violence between the French and Germans, it is not expected that these conditions will long prevail.

The offensive of the British on the Arras front cannot be deemed to have ended until Field Marshal Haig's men once more have thrown their weight against the 2,000 yards of the Hindenburg Line still held by the Germans west of Bullecourt and straightened out their line for the heavy guns that are to come against the Drocourt-Queant switch line, on which Germans are placing dependence to ward off an advance by their allies eastward. Last reports had the British busily engaged in consolidating the gains they had made along the Hindenburg Line, and with these upleated the expectation is that another of the great battles which have marked the progress eastward of the British will be in full swing.

## PROHIBIT MANUFACTURE OF LIQUORS

Increased Powers To Provincial Legislatures Proposed In Dominion Senate.

(By Morning Bulletin Leased Wire)  
OTTAWA, May 22.—Dr. D. B. Hume, minister of justice, has given notice of a resolution to amend the British North America act to the following effect:

That the power to prohibit the manufacture in, or importation into, any province of the Dominion of any alcoholic liquors for beverage purposes be extended to the legislature of any such province.

Provincial legislatures have the power at present to prohibit the sale of liquor, but not the power to prohibit the manufacture and importation.

## Socialist Questioner Creates Stir at Conservative Meeting

Orchard Talks Up To Candidates At Pantages Theatre Meeting. Asks Mr. Ewing Why So Many Lawyers—Wants Mr. Ramsey To Hand Resignation In Advance To Socialist Party As Guarantee Of Pledges.

A real star of the evening at last night's Conservative meeting in the Pantages Theatre was James Orchard, lives out in the Peking Plant, a well known politician and a member of the militant socialist type. Orchard gave the speakers of the evening a most interesting and lively account of his life with his vigorous and colorful comments from the floor of the house. "Put him 'Shut up!'" "Sit down!" did not seem to him in the least, and the laughter and shouts of derision, a little applause here and there, a commotion which prolonged the proceedings until far after midnight.

## AIL SCOW IS CAUGHT IN A BIG ICE JAM

At 150 Miles Down Athabasca River—Passengers Have Exciting Time.

(Special to the Bulletin.)  
ST. MURRAY, May 22.—A long adventure, which in less than a week has afforded me for a picture story, the Courier and several passengers on board the gasoline propelled conveyance the northward bound St. Murray on the first of the 150 miles north of this point, on the Athabasca river, the scow was held by the unexpected breaking up of a large ice jam. The craft was fast in the floating masses of ice and it was impossible to operate the scow, with all the crew and passengers, by great efforts, managed to free their craft from the grip. They had an exciting time. The scow was uninjured and the voyage was recommended to all men reaching their destination in safety.

## Maxim Perfects Device to Protect Ships from Subs

(By Morning Bulletin Leased Wire)  
NEW YORK, May 22.—Hudson Maxim announced today that he had invented and perfected a device which will make ships immune from the dangers of the submarine. He said that torpedoes, even when fired at close range and striking their targets, would explode harmlessly against the hulls of their intended victims.

The inventor asserted that the invention soon will be demonstrated by the government, which already had been advised of the details.

"The invention," he said, "can be applied within a few months at a comparatively cheap price to the hulls of ships already constructed. It is no sense or manner resembles either a screen or net."

## CONSCRIPTION CAUSES BOOM IN RECRUITING

Activity Noted Over Dominion, But No Great Increase In Edmonton.

The announcement of conscription did not appreciably increase the number of enlistments in Edmonton. About as many applications as usual have been made at the various recruiting offices during the past forty-eight hours. The Forestry company getting the larger number. The Canadian Army Service Corps and the Engineers also got a number of men. About a dozen men in all were signed yesterday.

**Many in Calgary.**

CALGARY, May 22.—Enlistment has increased in the past week here and reports for the last forty-eight hours give approximately 100 applications. The majority of these have been for the Forestry battalion, and on the whole have been of an acceptable type of men.

This is a record greatly in advance of recruiting figures for the past month.

**Rush in Toronto.**

TORONTO, May 22.—Reports from the several military districts in Ontario indicate that there has been a rush to the colors since the announcement of the intention of the government to introduce conscription legislation. No figures are available, however, recruiting fell off here again today, following Monday's rush.

**Montreal's Activity.**

MONTREAL, May 22.—There has been a considerable increase in recruiting in No. 4 military district since the announcement of the government's intention to introduce conscription legislation. The recruiting office in Montreal reported that there is a large number of men taking on for many months. At all the local recruiting headquarters there is great activity.

**Winnipeg Does Well.**

WINNIPEG, May 22.—Well conscription for Canadians was announced here today. The recruiting office in Winnipeg reported that there is a large number of men taking on for many months. At all the local recruiting headquarters there is great activity.

**One Striking Feature Is Small Percentage of Medically Unfit Men.**

One striking feature is the small percentage of medically unfit men offering their services. Of the 140 men who have failed to pass the medical board.

Military officials compare the figures for the last two and one-half days with the figures for the fifteen-day period ended May 15. For the half month only 300 men were passed for the whole of M. D. No. 10, according to the official report.

**Vancover's Rush.**

VANCOUVER, B. C., May 22.—The central recruiting depot has experienced a rush of business during the past two days. Yesterday forty-eight men were passed through the central depot, and today up to noon thirty-six men had gone through and others are still being signed on.

**Saskatoon's Improvement.**

SASKATOON, Sask., May 22.—A marked improvement in recruiting is noticeable here. Sixteen men joined the colors through the citizens' recruiting committee today, mostly for outside units.

**Regina Unchanged.**

REGINA, Sask., May 22.—Recruiting sergeants say they have noticed no change in the enlistments since the conscription measure was announced. Two or three are being added on daily.

**MAJ. GEN. CARSON KNIGHTED**

LONDON, May 22.—At the premier's recommendation the king has knighted Major General D. W. Carson, of the Canadian light forces.

## MANY WOUNDED SOLDIERS ARE BROUGHT HOME

(By Morning Bulletin Leased Wire)

HALIFAX, May 22.—A steamer arrived here this morning with 1,600 passengers, including about 1,000 returned soldiers, wounded or on leave for other duty. There were many women passengers, wives of soldiers, on board.

## FRED DUNCAN TO FIGHT FOR E. EDMONTON

Tells Voters of District That He Will Support Good Legislation.

NO MATTER BY WHOM INTRODUCED

Liberals Have Always Stood For The Common People.

Speaking in the Alexander Taylor school Tuesday night, Fred Duncan, Liberal candidate for East Edmonton, promised the voters of that district, that whatever motion came before the legislature that would benefit East Edmonton would receive his hearty support. If he is elected, no matter whether it was proposed by the opposition or not. "In his opinion a candidate must be of the people who elected him before he can do them justice as a member of their government," therefore Mr. Ramsey would not be a good man, he said, "because he does not understand the people and their needs as well as I do."

"The Liberals have always stood for the common people," he said, "they have been spoken of, and have not tried to benefit the moneyed men in preference. Mr. Ramsey, he said, doubt his right to oppose him as he is not of the same class in life. 'I defy anyone to say that any proposition ever came up whereby the moneyed men have been benefited when I was not out backing it to my fullest ability,' he continued. He pointed out that he had worked his hardest in the interest of the common people. The action of the government, he continued, in granting money to railways was upheld in the report of the Drayton commission and the figures to show that only 60 per cent of the values of the railroads were represented by these guarantees."

G. C. Polt, Liberal member for Leduc, was the first speaker and severely dealt with the opposition's arguments regarding lavishly spending of the public money. He pointed out that the government proposed to spend money for improvements the opposition wanted them to spend more, and according to their arguments, the more they do, the more they would not be as large."

A. E. May, Liberal candidate for East Edmonton in the next federal election, strongly upheld Mr. Duncan as an ally for the people and said the factory act was the most advanced piece of legislation that has been passed in the Dominion.

## LABOR LEADERS STILL OPPOSE CONSCRIPTION

President J. C. Watters Sees No Reason To Change Views.

(By Morning Bulletin Leased Wire)

OTTAWA, May 22.—J. C. Watters, president of the Dominion Trades and Labor Congress, made the following statement tonight on the result of the congress executive meeting on conscription:

"After giving full consideration to the statement of the prime minister made to the executive of the congress, the executive sees no reason to change its position on conscription. The executive has considered the matter carefully and nothing has transpired to alter its stand of a year ago. The executive will meet again on Monday, after the debate on the measure, and a further statement, going into the details of its stand, will be issued on Tuesday."

## SWEDEN NOW QUITE ANGRY

Indignation Is Expressed Even By Those Previously Indifferent.

(By Morning Bulletin Leased Wire)

STOCKHOLM, via London, May 22.—Even those persons in Sweden who heretofore have regarded the submarine campaign with indifference, or even with a certain amount of sympathy, now see that the consequences have been brought sharply home to Sweden, and to realize the true nature of Germany's defiance of civilization. The committee of the press of the whole kingdom, with important exceptions, are convinced in this and similar vein, and indignation is not lessened by the German minister's expression of regret to the foreign office, or by the apparently semi-official explanation published in the Aftonbladet in which the German apologist terms the torpedoing of the Swedish vessels "purely accidental."

## MINE SITUATION AT A STANDSTILL

(By Morning Bulletin Leased Wire)

CALGARY, May 22.—Matters in the mine situation of the district remain at a standstill, neither operators nor miners having had any communication from the government. Hon. Robert Rogers is expected to arrive in the city in the morning, although neither party has been notified, except through the press, that he is coming.

## Ottawa Despatch Says Men to be Appointed Within Next Few Days

Majority of Cabinet Ministers Said To Favor Plan—Will Act In Conjunction With Herbert Hoover, U.S. Food Dictator—Urged by Heads of Dominion Labor Congress.

(By Morning Bulletin Leased Wire)

WINNIPEG, May 22.—The Telegram's Ottawa correspondent, in a despatch late today says:

"A food controller or dictator for Canada will likely be appointed by the government this week. The whole question will be discussed by the cabinet within the next few days and it is understood the majority of the ministers favor the appointment of one man with full authority to deal with the question. He will act in conjunction with Herbert Hoover, former chairman of the Belgian Relief Commission, whom President Wilson announced he has asked to become food dictator."

**Montreal Confirms Story.**

MONTREAL, May 23.—Appointment of a food controller for Canada, urged by heads of the Dominion Trades and Labor Congress, is considered certain. The matter will come before the cabinet on Thursday. This information was contained in a press despatch received here today from Ottawa.

## RUSSIA SIDE BY SIDE WITH THE UNITED STATES NEW TAXATION PROPOSALS IN PARLIAMENT

New Ministry Says War Is For Freedom of Nations and Lasting Peace. Budget Resolution Draws Some Opposition.

(By Morning Bulletin Leased Wire)  
WASHINGTON, May 22.—Foreign Minister Terechenko, in a cable note to the state department today, gives assurance on behalf of the new ministry that Russia's democracy is inspired with a spirit of solidarity with the United States and the American people, and that the American freedom of nations and lasting peace.

"The Russian people," says the minister, "are not seeking conquest for any covetous end in the present contest. The war is carried on to secure the freedom of nations and to achieve universal lasting peace, effectually guaranteed against all future attacks."

"I am glad to find that those lofty principles, which were so eloquently formulated in America, are striking a warm, unanimous echo in free Russia, now mistress of her destiny."

## MOVIE OPERATORS ENJOY BANQUET

F. H. Richardson, of Moving Picture World, Is Guest of Operators.

F. H. Richardson, projection editor of the Moving Picture World, was the guest of the Edmonton Moving Picture Operators' Association at a banquet given last evening at the Macdonald hotel. Polished by the banquet Mr. Richardson gave a long and interesting talk to an interested audience of managers and operators, and the better protection of moving pictures. The banquet was attended by the following:

Operators: Wm. Hayden, P. Barber, W. B. Allen, E. J. Grace, D. M. Maler, Doucet's men, and the recent heavy losses have put out any smouldering embers. Little, if any, valuable timber was damaged.

## SAYS INACTION EQUIVALENT TO SEPARATE PEACE

(By Morning Bulletin Leased Wire)

PETROGRAD, via London, May 22.—Albert Thomas, the French minister of munitions, addressing a delegation of the workmen and soldiers of Moscow, said thousands of French and British soldiers were perishing while awaiting Russia's participation in the war. On this occasion the minister said the soldiers had a right to count, and Russia's inaction at the front was equivalent to a separate peace.

## STEEL EIGHTEEN MILES FROM FORT McMURRAY NOW

FORT McMURRAY, May 22.—Heavy forest fires along the Clearwater River across from McMurray and farther up the river were checked by the prompt action of Chief Fire Ranger Doucet's men. The recent heavy rains have put out any smouldering embers. Little, if any, valuable timber was damaged.

**SOUTH SIDE LIBERALS TO HOLD MEETING**

R. B. Douglas, Liberal candidate for South Edmonton, will hold a meeting in Dunlop at 8 o'clock at the Presbyterian Church, Forest Heights, Wednesday night at 8 o'clock. Other speakers will be George H. Steer and John Adams.

## TO SERVE CITY BETTER AS A LEGISLATOR

Mayor Henry Says He Will Resign Mayoralty If Elected.

SERVE CITY IN LARGER SPHERE

Political Issues of Day Expounded In Oliver School.

It was anything but a large crowd which attended the meeting in the Oliver school last evening but those present heard an excellent exposition of the political issues of the day during addresses from Mayor Henry, the Liberal candidate for West Edmonton, J. W. Hefferman, Stuart, K. C. The meeting was presided over by C. F. Race.

"It is being charged in the opposition press in this city," said Mayor Henry at the outset of his address, "that I have broken faith with the voters of Edmonton as a whole, by becoming a candidate for the legislature while occupying the position of mayor. For 25 years I have been a citizen of Edmonton and I defy any person to fairly say that I have in any of that time broken faith with the things which make for the progress and welfare of the city, and I am not doing so now. I did not seek the mayoralty last fall and if I am elected to the legislature I will not continue as mayor. I believe that in the legislature I could serve the city in a larger sphere and would at all times give Edmonton the best efforts that I could in consideration of the rights of the state."

**Business Not Politics.**

Regarding provincial affairs, His Worship thought that there should be more business than politics in the campaign. From this he had gone into a review of the government legislation of the recent session with particular reference to the farm loan act, the co-operative credit act and the live stock endowment act. He would not be alone of advantage to the rural districts but would react greatly to the prosperity of the towns and cities of the province. The government also had met the wishes of the women of the province and extended the franchise at the first request. The opposition professed to be in favor but refused to give support to the women's organizations which solicited Conservative endorsement four years ago. He instanced the situation in the Federal house to show that Conservatives are not in favor of the franchise for women.

From the report of the special Federal commission, he showed that the opposition charges of an exorbitant cost for the railway were unfounded, since the cost of construction on these lines was in each case 25% to 50% higher than the guarantee. Amongst other facts and figures he referred to the 1,200,000 production in Alberta during 1916, a production made possible by the development which had followed in the wake of the railway policy of the Sir John A. Macdonald government. He stated that the extension of the E. D. & B. C. into British Columbia would divert the northward commerce from Edmonton. Mayor Henry said that his opponents must fail to grasp the geography of the country and to forget that the Liberal government in B. C. is unsearing a sense of huge magnitude to the Conservative promise to extend it southward in the neighboring province. From the enormity of this scandal it

(Continued on Page Two)

## CITY BAKERS REQUEST RIGHT TO SELL BREAD OF OTHER THAN THE STANDARD WEIGHT TO CUSTOMERS

Say That If It Is Not Granted Matter Will Be Fought Out In Courts—Calgary Bread Prices Eight Leaves For Dollar, But Local Bakers Want To Keep Price Down—Would Discourage Buying Wrapped Bread.

City bakers are asking the city council to amend the by-law which regulates the sale of bread in order to enable them to manufacture and sell a loaf that weighs one and a quarter pounds avoirdupois provided that it is wrapped and shows the name of the baker and the net weight of the loaf. At the present time the standard weight under the by-law is 24 oz. (1½ lbs.) wrapped or unwrapped. Last night council decided to refer the matter to the safety and health committee for report, the committee to meet as soon as possible and the bakers to have the opportunity of placing their views before the committee. In the meantime the by-law will remain in force. The committee were asked to bring in any amendment that appeared desirable.

**Letter from Bakers.**

The request was made in the form of a letter signed by C. W. Campbell, G. H. McKeever, J. McGavin, J. A. Stinson, F. Kramer, Allan McGavin, C. Brown, Spicer's Bread, Ltd., J. A. Hallier and J. E. Kirby. It was also supported by a deputation of which E. C. Perry, manager for Spicer's Bread, Ltd., acted as spokesman. He explained that, owing to the increase in the price of flour it had been found necessary to raise the price of bread at Calgary to eight leaves for one dollar whereas it was sold in Edmonton at ten leaves.

Ever since the war broke out they had been trying to keep down prices, although it would have paid some better to have sold the flour that they had on contract rather than to make it up in bread. In order to continue to keep down the price they wanted to be able to sell a 20 oz loaf wrapped and a 24 oz loaf unwrapped.

**Already Doing It.**

In answer to inquiries, Mr. Perry said that the bakers had already put the rule into force. Ald. Phares asked if any authority had been given for this, and Mr. Perry said that they went to the health officer and told him of their intention. Ald. McArthur said that he objected to the way in which the request was made as it amounted to holding a club over their heads.

## ALBERTA MUSICAL FESTIVAL FULLY UP TO ITS CUSTOMARY HIGH STANDARD OF MERIT

Splendid Performances Both Vocal and Instrumental Mark Sessions Held in First Church—Thirty Single Entries in Competitions and 24 Others—Lethbridge Chorus Scores a Great Triumph.

The tenth Alberta Musical Competition Festival, which opened Tuesday in the First Presbyterian church, was up to its customary high standard. There were over thirty single entries in the various competitions from all parts of the province, besides which there were twenty-four other entries, including school choruses, choirs and male choruses, which latter gave the most pleasing and artistic performance at the evening session.

The Lethbridge chorus scored a big triumph on the opening day of the festival, taking first place in three classes. The Lethbridge singers, traveling 500 miles to compete have certainly added greatly to the success of the festival. The decisions of the adjudicators, R. Hamilton Earle and Frederick Chubb of Vancouver, were very fair and were unquestioned.

Delton School chorus carried off the school after session. The school chorus competition was very keen and fourteen choruses entered. Two were obliged to sing again to help the adjudicators to decide. It was reached by nearly everyone stayed. The report was that the singing was exceptionally good and the marks in his class were, therefore, high. The Lethbridge chorus, which came second with 50 marks. Enthusiasm ran high and the applause from the large audience was loud and long.

There were eight entries for the piano and this proved very interesting. Miss Powers, a pupil of Miss King, won the medal with a very high mark of 55 and received considerable praise from the adjudicators. This talented lady, who is only sixteen and was the youngest competitor in this class. Mr. Chubb stated in the report that she had a musical soul and gave expression to her work accordingly. Miss Vera Cook, a pupil of Mr. Wilbur Grant, came second with 78 marks.

There was but one competitor in the violin class which was entered by Mr. Harold Keith of Edmonton, who received 77 marks. Altogether the afternoon was profitable and very interesting for all.

Evening session. With a splendid audience the evening session of the Musical Competition Festival proceeded in good style. For the first time, the Lethbridge chorus, led by Mr. Eastwood, and St. Paul's, led by Mr. Cyril Waters, competed. Mr. Waters won with 73 marks and Mr. Eastwood followed with 74 marks. The adjudicators spoke very nicely and said the work of the small choirs was very beautiful and delightful.

Five intermediate choirs contested and this class was the most artistic and quite the best of any performance. The Lethbridge chorus, led by Mr. Eastwood, and St. Paul's, led by Mr. Cyril Waters, competed. Mr. Waters won with 73 marks and Mr. Eastwood followed with 74 marks. The adjudicators spoke very nicely and said the work of the small choirs was very beautiful and delightful.

The male chorus under the direction of Mr. Vernon Barford gave a most creditable rendering of the numbers and, when not only the highest marks obtained so far, but high praise from the judges and great applause from the audience. The chorus was unchallenged and received 87 marks.

All Saints' and First Presbyterian are the competitors in the large choir class and their work gave much pleasure to the interested and enthusiastic listeners. All Saints, winning by eleven marks over the other, receiving 86, and First Church 75. Mr. Barford, the leader, is to be congratulated on again winning the field.

Announcements were made to this effect that the school choruses were to meet in front of the First Church at 5:30 this afternoon to have a photo taken, and the musical school choruses will sing at the concert tonight in McDougall Methodist auditorium. Also a winner of the intermediate choir.

## LETHBRIDGE MAN HELPS FESTIVAL

G. L. TAYLOR, secretary of the Lethbridge local committee of the Alberta Musical Festival.

## HEROIC DEED OF RUSSIAN IS ACKNOWLEDGED

Cyprian Zerkowsky, Who Saved Lives of Three Children in Fire, Gets Medal From the Humane Society.

Fitting recognition of a brave deed performed in Edmonton some time ago when at the risk of his own life a Russian named Cyprian Zerkowsky saved three children from death by burning, was a striking incident at the meeting of the board of trade Tuesday.

It was extremely appropriate that this should happen at today's meeting, because following the recent campaign for membership the attendance was larger than has been the case for long and there was a big round of applause from the crowd when when A. E. May, who was acting as the representative of the attorney-general's department, pinned the bronze medal of the Canadian Royal Humane Society to the breast of Zerkowsky's coat.

The recipient is a man of fine appearance, with a open, intelligent countenance, who although he can speak very little English, appears to be a man of character and ability above the average. He has been in the country some years and is a naturalized citizen. The story of the brave deed was related by A. E. May, who said:

"We have frequently brought to our attention in these strenuous days of war, the heroism and valor of the boys who are fighting our battles in Europe, but it is seldom that we have the opportunity to recognize the bravery of one of our citizens at home. I have requested that the attorney-general's department of this province should perform a very pleasant duty today. Those of you who were in Edmonton on November 19th, 1915, will remember a disastrous fire which occurred upon that night. Two married women who were sisters, and whose husbands were both with the Canadian Overseas, lived in a small house on 11st street in this city. Each of the women had two young children, and upon this evening they left their children sleeping in their beds. It is not definitely known, but it is surmised, that a dog which was left in the house, upset a lamp and set the house on fire. The neighbor who lived close by was aroused by the light of the burning house, he immediately ran out and extinguished the fire inside the burning building, he broke the window, and although the house was filled with flames and smoke he entered, and groped around the rooms until he found a bed containing two children, which he passed to his sister-in-law, who was on the outside. He still heard children crying from inside the building, and going back, searched for a third child (an infant) with her. It developed afterwards, however, that the mother did not have the infant with her and that it was burned to death."

## MAKES PURCHASE TELEPHONE WIRE

On the recommendation of Superintendent Lowry the commissioners have decided to purchase 80,000 feet of inside telephone wire at the cost of \$275 from the General Electric Co. of Edmonton.

Two tenders were received, the Northern Electric Co. at \$1.75 per thousand feet and the General Electric Co. at \$1.75. The tender of the latter was recommended and the wire will be delivered early and also that they have had less business from the city than the Northern Electric Co.

## LIBERAL MEETING AT PANTAGES THEATRE WEDNESDAY NIGHT

On Wednesday night at Pantages theatre there will be a meeting in the interests of the Liberal party, commencing immediately after the regular show and to be addressed by Hon. A. G. MacKay, K.C., and J. W. Heffernan.

## TEA and COFFEE DRINKERS FIND RELIEF WHEN THEY CHANGE TO INSTANT POSTUM

## MAYOR HENRY FAVORS REFORM CIVIL SERVICE

Gives Hearty Endorsement of Principle When Interviewed by Deputation

Hearty endorsement of the principle of civil service reform in the province was given by Mayor Henry yesterday afternoon, when interviewed, as to his stand on the question, by a deputation from the Public Service Reform Association, of which C. J. O'Connor was president.

Mr. O'Connor explained that, so far as possible, all provincial candidates will be approached by the association to ascertain their stand on the question of removing the public service of Alberta from the sphere of politics and placing the administration in the hands of a non-political commission.

Mayor Henry, in expressing his advocacy of the proposal, referred to his introduction of a system aimed to reform the civil service in the city hall. He thought that government ministers would welcome an independent administration of public service appointments in order to escape the never ending strain of applications for positions.

It is the object of the association to have a non-political commission for the handling of the public service, but that appointments to the service in Alberta be made by merit, and, where necessary, by examination.

## PORTLAND, THE TEACHERS' MECCA, FOR CONVENTION

Annual Meeting to be Attended by Teachers from Northern Alberta

It is expected that there will be a large representation of northern Alberta at the annual convention of the National Educational Association to be held at Portland, Ore., July 7 to 14.

There will be an attendance of about 15,000 at this gathering, which for the first time in a number of years is being held in the West, and a large number than usual will go from this section.

L. E. Omer, the Union Pacific Railway is in the city today arranging for a special service to Portland in connection with this convention.

## BIG SAVING HAS BEEN EFFECTED IN CITY'S FINANCE

Controllable Expenditure For Three Months Ending March 31 Has Been Reduced by Over \$25,000.

No more telling evidence of the manner in which economy is being practised in the city's affairs, under the supervision of Mayor Henry, is necessary than the fact that the controllable expenditure for the first three months of the present year shows a reduction of \$25,108.23 against the cost of first three months of last year.

In 1915 the expenditure for the first quarter of the year was \$195,399.63 against \$163,101.44 in 1917.

This has been commented upon in the quarterly statement just issued by City Controller Dueson. As a matter of fact, an interesting comparative statement of the working of the city departments showing exactly where savings have been made. As a result of fact reductions have been made practically throughout the exceptions including the fire department where there is a decrease of some \$7,000; there is a little increase in the sewer maintenance, but this is largely due to a separate department having been created for the work. Street lighting has a saving of about \$1,000, and a saving of \$4,000 on miscellaneous expenditure, hospitals freed from \$17,655 to \$4,655.05, due largely to money received from the government on account of the Strathcona hospital, while there is a reduction of about \$5,000 in grants and donations.

## MEMBERS CHOSEN BY ACCLAMATION

Balloting For Senate of University Unnecessary As No Election Was Required

Elections to the Senate of the University of Alberta which were to have been balloted upon Tuesday have been decided by acclamation. In each instance there being five members chosen to represent convocation on the board for the ensuing four years. These members nominated and unopposed are:

Wm. M. Davidson, of Calgary, Edwin T. Mitchell, of the Olds High School, W. M. Elliott, of the Olds High School, Dr. Walter S. Galbraith of Lethbridge, and Tremaine Dickson, barrister, of McLeod.

The new members are Messrs. Davidson and Elliott, the others being re-elected. The retiring members are Judge Morrison and James McClellan.

## PRIVATE F. PILKIE OF VERMILION, WOUNDED

Word has been received by P. G. Pilkie, Vermilion, that his youngest son, Private F. Pilkie, is suffering from gunshot wounds and is now undergoing treatment in the Winnipeg hospital. The Pilkie was one of the original members of the Edmonton regiment to enlist under Lt.-Col. Griestach and has been in the trenches for eighteen months being recently engaged on scout duty. He is a brother of Miss Beale Pilkie of this city.

## ASK CHILDREN TO HELP RAISE SOME CHICKS

Thus Reduce Egg Shortage—Board of Trade Endorses Scheme

The Edmonton Board of Trade yesterday heartily endorsed a movement which has been set on foot in the city by A. J. Duclos, president of the Alberta Produce Merchants' association, in order to encourage poultry keeping among the Edmonton boys and girls.

Mr. Duclos is helping to boost the campaign of the federal government for increased production of poultry, and a part of the propaganda is to secure the interest of the children and persuade them to help the total of production by keeping a few hens.

If every boy and girl or family of children took up poultry-raising as a hobby it is pointed out that much could be accomplished in overcoming the egg shortage that now exists with consequent high prices.

Quotes Some Figures. In addressing the Board of Trade, Mr. Duclos said:

"Canada exported in 1916, 192,111 cases of eggs to Great Britain and 202,078 cases of American eggs were brought in by Canadian shippers into Canada, re-packed and shipped over to the old country. Last year's experience of exporting eggs showed that the British market paid 5 to 10c per dozen more for Canadian eggs than the American egg. In 1912, Great Britain imported 17,344 cars of eggs, while in 1915 all that Great Britain could obtain was 5,555 cars, making a shortage of 12,447 cars, so you see what a vast field for more production in poultry and eggs there is in Canada, and why can't the Edmonton boys and girls be the first to set the example in this great domain of ours?"

The speaker pointed out that Edmonton had 4,410 school girls and boys from 10 to 12 years of age, if each kept a few hens, what an increase it would mean in production of eggs.

To show that hens can be kept economically and that they return a good percentage of profit, Mr. Duclos quoted the figures of the egg laying contest of 1916, which was carried on for 11 months at the provincial poultry experimental farm, as follows:

Average receipt per hen: \$2.51  
Cost of feed per hen: \$1.29  
Profit per hen: \$1.22  
Average receipt per doz. of eggs: \$3.50  
Average cost per doz. for production: \$2.11  
Average profit: \$1.39

School Board Interested. The speaker said that he had already obtained the interest of the school board to the project and they were going to work in encouraging the children to keep hens, and he asked the Board of Trade to take an active part in the campaign and to do their utmost to get the boys and girls started, of which was agreed.

## BUFFALO STAMPING GROUND IN VERMILION VALLEY TURNED INTO BIG RANCHING PROJECT

92,000 Acres of Land is Being Stocked—Twenty Carloads of Cows and Calves Are to be Shipped Wednesday as Start—\$5,000,000 Company, Representing Eastern Capital Behind Project

On the old-time stamping ground of the prairie bison, in the Vermilion Valley, the British Cattle Supply Co., Limited, is now preparing to stock their 92,000 acres of ranch land, which it purchased from an English syndicate, Harry Talbot, general manager of the company, who was in the city Tuesday, stated that this company purpose putting female stock on the property just as soon as proper protection and feeding arrangements can be made.

Twenty carloads of cows and calves which have been wintered in Southern Alberta are being shipped from Calgary to Mannville, on Wednesday. This shipment will be followed by others from various points of Canada as soon as proper handling arrangements can be completed.

This ranch extends throughout the territory south of the C. N. R. north and west of Vermilion, and between the railway and the river. While not taking in every quarter, it extends over an area of about 150 miles from east to west and about fifty miles north and south.

The British Cattle Supply Company, Limited, is capitalized at \$5,000,000. Its principal shareholders are in Eastern Canada. The principal officers of the company are: President, T. E.

## GIVEN SIX MONTHS ON BIGAMY CHARGE

In the case of King vs. Michael D. Clarke, who confessed in district court on Monday to bigamy, Judge Taylor on Tuesday morning sentenced the prisoner to six months at Fort Saskatchewan.

Rex vs. Henry Lulach; accused pleaded guilty to stealing some harness, the property of a soldier, and was sentenced to three years in penitentiary. His Honor in delivering the sentence said that it was his intention to see that soldiers' property be respected and any offender would be dealt with severely.

## TUESDAY'S TRADE AT RICE ST. MARKET MUCH INCREASED

This week Tuesday's trade on the Rice street market was the largest for many weeks. Plants for transplanting and flowers for the garden were again a feature and many of the market gardeners and greenhouse men were again offering a supply of plants for transplanting into the garden. Thursday this week, being a holiday, the trade on Wednesday and Saturday will likely be also good. Some of the products are again displaying signs, so that the customers will be able to remember at what booth they bought the most satisfactory produce.

A Clear Brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

# Social Side of City Life

EDITED BY MISS MARION SEYMOUR

PHONE NUMBER 9254

PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS.

Mr. and Mrs. Roy L. Greene have to their guest Mr. Greene's mother, Mrs. L. G. Greene, of Winnipeg.

Mrs. William Brockie left this morning for a trip to Banff and through the mountains with her brother, Mr. P. S. Wisebread in his private car. Mrs. Brockie expects to be gone about two weeks.

Mrs. P. G. Pillek, of Vermilion is visiting friends in the city.

It is announced by the Y.M.C.A. committee that the receipts from the Red Triangle Hat Day in the Hudson's Bay store, amounted to \$219.85.

Mrs. W. G. Atkinson was taken suddenly ill on Sunday night and in the Royal Alexandra hospital underwent a slight operation. She is much improved and hopes are entertained that she will be home soon.

Friends of Mrs. W. T. Ash will be sorry to learn of the death of her father, Mr. Ashcroft which occurred at his home at Rosedale, Toronto, on Saturday last.

## WHEN YOU CAN'T SLEEP YOU SHOULD USE

### MILBURN'S HEART AND NERVE PILLS

Sleeplessness is caused by the nervous system becoming deranged.

Perhaps too much worry has gotten up your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by nightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed can have their old, peaceful, undisturbed, refreshing sleep back again by using Milburn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont., writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement, and immediately tried Milburn's Heart and Nerve Pills, and I am proud to say they cured me."

Milburn's Heart and Nerve Pills are 50¢ a box or three for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## An Unfailing Way To Banish Hairs

(Beauty Notes)  
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of Salton and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real saltons.

## Scrupulous Cleanliness

Is the one cast-iron rule in every corner of our bakeries.

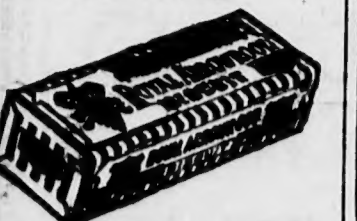

## Soni-Mor Biscuit

are just as clean as they look, and as wholesome as they are delicious.

In Packages Only.

Equally pure and just the thing for your children, are our

## OH, SUCH A HEADACHE!

Every now and again don't you get one of those fearful headaches that drive you to do anything to get relief?

Remember, though, it's a mistake to just "smother" the pain without removing the cause. Nearly all headaches have their beginning in the stomach, liver or bowels, and the best remedy is Chamberlain's Tablets, which treat the liver, cleanse the stomach and cleanse the bowels. This not only cures the headache but prevents its return.

All dealers list it or mail from Chamberlain Medicine Co., Toronto

FAVOR SEPARATION FOR FINNS, Helsinki, Finland, May 21, via Petrograd and London, May 22—A congress of the Swedish political party, representing a majority of Finland's wealthiest and most influential classes, yesterday passed a resolution favoring a complete separation of the Grand Duchy of Finland from Russia.

## PTE. RODERICK DEAD

Pte. T. W. L. Roderick of 12520 108 avenue, is reported to have died of wounds by last night's casualty list.

His death was the first of a previously reported missing, is now reported to be dead.

## THE DAILY POEM

### IF YOU SHOULD PASS.

If by my tomb some day you carelessly pass,  
A moment grieved by coming on my grave,  
Ah, kneel awhile upon the tender grass  
In some short prayer acquitting me of blame.

If I reached not your pinnacle of right,  
Or fell below your standard of desire,  
If to my heart alone my hopes were white,  
And my soul built its own celestial fire.

Then let your grief be it a single tear,  
Upon your cheek in tender sorrow fall,  
Forget where I did fall; keep only dear  
The dream for which you loved me over all.

For a heart to hear, poor shade from life  
Unkindly tongues to trifle with my name,  
So that remembrance came half  
In conversations less of praise than blame.

For if thy charity be overstrained  
And would bring slander where it can not bless,  
Give me but silence where good  
Friendship would beget forgetfulness.

—Dora Sigerson Shorter, in Westminster Gazette.

## Miss Martin Makes Splendid Time in Typing Contest

Local Stenographer Wins Gold Medal and Typewriter

The typewriting demonstration given by Mr. Fred Jarrett, Toronto, Canadian professional champion, in the McDougall school yesterday was one of the most interesting ever staged in the city, especially because of the various tests between Mr. Jarrett and Miss Winnifred Martin, the local champion. The first test was a five-minute one taken from international contest material in which Mr. Jarrett showed exceptional skill and made but two errors, one of which was due to faulty spacing. His paper showed 574 gross words, which gave him a net rate per minute of 113. Miss Martin wrote but 16 less gross words than Jarrett, her paper registering 558 words with 7 errors, six of which were due to failure of her machine to register a net rate of 113. Miss Martin wrote 16 less gross words than Jarrett, her paper registering 558 words with 7 errors, six of which were due to failure of her machine to register a net rate of 113.

Following this test, both experts wrote for one minute on unfamiliar copy. Mr. Jarrett's paper showing 133 gross words with 2 errors, a net rate of 131 words per minute. Miss Martin's paper registered 120 gross words, with 2 errors, a net rate of 110 words per minute.

That active steps should be taken by the government in the way of setting apart land for timber reserves and the carrying out of reforestation, was the main purpose of the special committee of the Edmonton Board of Trade, who yesterday afternoon met to consider the report of the J. H. La Fleche, who suggested that the government should consider the need for more men at the front and that they were no longer forthcoming by the voluntary system.

A letter was read from J. H. La Fleche, who suggested that the government should consider the need for more men at the front and that they were no longer forthcoming by the voluntary system.

## THE WOMEN'S EXCHANGE

### TODAY'S INQUIRIES.

1. What greens can be used to garnish meats or various other dishes?
2. How can the tough ends of asparagus be utilized?
3. In mixing cake batter, how can the sugar and butter be made to cream easily?
4. What kind of frock may be worn to a "shirtwaist dance"?
5. What kind of tie should a man wear with a Tuxedo or dinner coat?
6. Is common baking soda beneficial to the teeth?

### ANSWERS TO YESTERDAY'S INQUIRIES.

1. Placing a snap at the hem of a curtain and its mate as far up on the curtain as one can reach is an easy method of fastening the curtain up when cleaning or preventing it from blowing out of the window.
2. Table linen should be darned with threads from the raveling.
3. When there is little space for a kitchen table a wide shelf or table can be used.
4. Dear Madam.—As many of my friends have asked me for these recipes, I am thinking of trying them for you. I have been growing in their gardens. Rhubarb is wholesome and appetizing; is excellent for rheumatic sufferers and useful for purifying the blood.
5. Oriental Marmalade—4 lbs. rhubarb, 4 lbs. sugar, 1 lb. figs, 1-2 lb. lemon peel; wash rhubarb and cut into small pieces, place in preserving kettle, add sugar and let stand for 24 hours. When ready to cook, add figs and lemon peel cut fine, boil about two hours.
6. Rhubarb Preserve—1-2 lb. rhubarb, grated rind and juice of 2 lemons, 3 lbs. sugar, 1-4 lb. bleached and shredded almonds, 1-4 cup orange peel. Chop up rhubarb, add rind and juice of lemons and sugar, cook gently for 1-2 hour, then add almonds and peel; cook very slowly till thick.
7. Rhubarb Catsup—1 qt. rhubarb, 1 qt. onion, 1 qt. vinegar, 1-2 brown sugar, 1 teaspoon each ginger, cinnamon and allspice and cloves. Chop and stew 1-2 hours.
8. Rhubarb and Pineapple Preserve—Equal parts of rhubarb and pineapple, use 3-4 lb. granulated sugar to 1 lb. of fruit, add 1 cup of water to the sugar, bring to a boil; add pineapple cut in dice, cook till tender; add rhubarb cut in pieces and boil gently till done.

## Board of Trade By Unanimous Vote Decides for Conscription

Business Men Of City Go On Record In Favor Of Compulsion In Raising Canada's Contribution—H. M. E. Evans Presents Resolution Commending the Federal Government For Promised Action.

With a great show of enthusiasm and without a dissentient voice being raised in the room, the big meeting of members of the board of trade today went on record in support of the introduction of conscription.

On the motion of A. M. Frith, a committee of three was appointed to draft a resolution commending the federal government for the action now being taken to introduce a measure of conscription.

The question was introduced by the report which gave a pronouncement by the council in favor of conscription. H. M. E. Evans moved that this be endorsed and pointed out that the need for more men at the front and that they were no longer forthcoming by the voluntary system.

A letter was read from J. H. La Fleche, who suggested that the government should consider the need for more men at the front and that they were no longer forthcoming by the voluntary system.

That active steps should be taken by the government in the way of setting apart land for timber reserves and the carrying out of reforestation, was the main purpose of the special committee of the Edmonton Board of Trade, who yesterday afternoon met to consider the report of the J. That active steps should be taken by the government in the way of setting apart land for timber reserves and the carrying out of reforestation, was the main purpose of the special committee of the Edmonton Board of Trade, who yesterday afternoon met to consider the report of the J. H. La Fleche, who suggested that the government should consider the need for more men at the front and that they were no longer forthcoming by the voluntary system.

### THE IRON CROSS OF ITALY

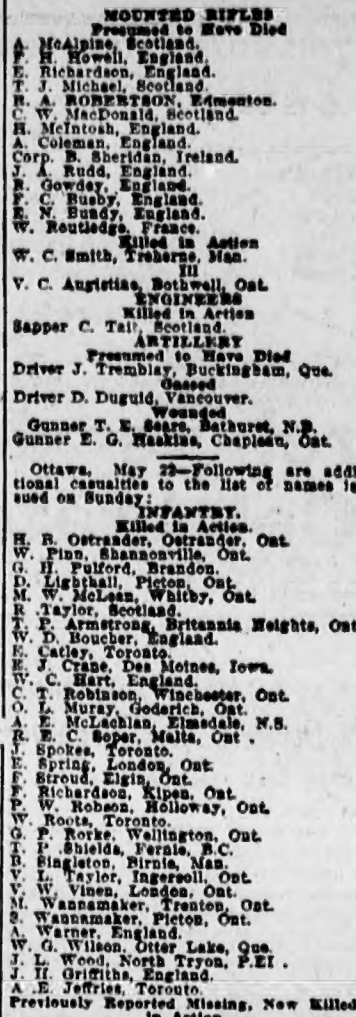

It was on the 23rd day of May, 1805, that Napoleon had himself crowned king of Italy at Milan. With his own hands he placed the ancient crown of Lombardy on his head, saying: "God has given it to me; let him beware who would touch it." Thus he assumed the mantle of his early predecessors, the diadems by which the crown of the Iron Cross was composed of a broad circle of gold, set with large rubies, emeralds and sapphires, on a ground of blue and gold enamel. The crown was found in Somersetshire, in the close of the seventeenth century, and is now preserved in the Ashmolean Museum at Oxford. The most important part of the crown from which it derives its name, is a narrow band of iron attached to the inner circumference of the circle. This band of iron is said to have been used by the nails used at the crucifixion, given by the Empress Helena, the alleged discoverer of the cross, to her son, Constantine, as a magical protection from the dangers of the field. It is pointed out by some that a miracle was wrought in connection with this crown, for it is said to show absolutely no traces of rust despite its great age. The earliest record of the crown's use is that it was used at the coronation of Alphonse, king of Normandy, in 1135. The crown was later used by the Emperor Napoleon I. at his coronation in Milan in 1805. It is now preserved in the Ashmolean Museum at Oxford.

### Sidelights on the War

### ADOPTING WAR ORPHANS

Orphans made war orphans have been adopted by strangers or family friends "ever since the mind of man runneth hot to the contrary," but never before in the history of the world have preparations been made to adopt the children of an entire district. Such plans, however, are going forward in America and they concern the adoption of the war orphans of the Marne district, which has been devastated and ruined, as far as agriculture and industry is concerned for many years to come. The Marne district, as the Somme, has the full meaning of the horrors of war beaten into its soil. With the first German onslaught the district was overrun while the invaders beat back the French armies. They swept on. Then came the hail and finally the retreat of the Germans back to the Marne, where they remained for two years, while the French and British armies bombarded

#### COMING EVENTS

Announcement of meetings (fraternal, religious, etc.), recitals and social gatherings at which no admission fee is charged, collection taken or articles sold, will be published under this heading free of charge. Readers are invited to send to the Office of the News Editor, No. 8324, information concerning events of this nature. Announcements of meetings, etc., at which an admission fee is charged, collection taken or articles sold will be inserted at 10 cents per count line.

Don't forget the patriotic tea in King Edward school, Wednesday, May 23rd from 2:30 to 6 p.m.

The Argonaut Social Club are holding a spot dance Wednesday evening in the separate school, in which they are giving a fine dollar prize, and are holding a special dance Thursday evening, May 24, in the separate school. Dancing from 8:30 to 12. Lynch's orchestra.

The Daughters and Maids of England, South Side Lodge, will hold a whist drive and dance tonight, Wednesday in the Great War Veterans clubrooms. Whist will begin at 8 o'clock sharp. Seven good prizes will be given. Barker's orchestra will provide music. Admission twenty-five cents. 72-76-123-C

A welcome home will be given in the Salvation Army May 24 at 8 o'clock p.m. to Adjutant Johnston, the commanding officer of the Salvation Army No. 1 Corps, Fraser Avenue. This service will be conducted by the band and will take the form of a musical treat. The adjutant has completely recovered from his sickness. The public are given a cordial invitation to come and join this service.

An organization meeting of the Liberals in Beverly will be held next Wednesday evening at 8:45 p.m. at the Hon. J. R. Boyle's office. Rooms on Alberta Avenue, formerly La Pointe's store.

Chas. McMillan has moved two doors south. Number now is 16175 99th Street. Mc-14-a

For better vision consult Mecklenberg, the optician, who will give you a thorough examination at his office, 295 Williamson Building. Phone 5225. 6981-1f

Dr. V. C. Mulvey, dentist, over Pantheon Theatre. Phone 4918.

### IMMENSE ARMY OF GERMANY HAS BEEN PUT OUT OF ACTION

Paris, May 22.—Some idea of the extent of the German losses in the recent Anglo-French offensive in France may be obtained, according to a semi-official note, from the fact that on the Verdun front from February, 1916, to February, 1917—one year—Germany put into action 56 and one-half divisions, while she put into action eighty-four divisions on the Anglo-French front this year from April 9th to May 11th.

#### CANADIAN ARTILLERY

London, May 22.—Lieut. F. D. Pemberton, field artillery, reported wounded, was originally with the Canadian artillery.

#### TOO LATE TO CLASSIFY

WANTED—MALE STENOGRAPHER. Apply in person, superior provincial police, Parliament Buildings, between 9 a.m. and 5 p.m. 7290-122-C

## M'CAULEY WINS TITLE SCHOOL BALL LEAGUE

### Muelled Pitcher Shutout Game Against McKay in Deciding Contest

McCauley school baseball team has won the title of champions of the Public School Baseball League, the honor being clinched by defeating the McKay school on Monday afternoon at Diamond Park. The score was 6 to 0. Mueller was in fine form for the winners, striking out ten of his opponents in the seven innings played and holding them down to two hits. Barton was the swiftest of the day, collecting three safe singles off Brunson's delivery and scoring two runs. The teams were:

## What You Get for Your Money

When you buy a Studebaker car, you get the best work of one of the largest automobile makers in the industry—a real Made-in-Canada product, built with a knowledge of just what is required of a car for continued service on the roads of Canada.

The workmanship in Studebaker cars is experienced, skilled and painstaking. The inspections are rigid and exacting in the extreme.

The quality of Studebaker cars is evident in their finish and equipment.

Studebaker bodies are obviously substantial in construction. The paint and varnish work is excellent. The upholstery is genuine leather throughout. The cushions are made entirely of long curled hair. The front seats are adjustable—the right hand one reversible. The carpet in the tonneau is bound with leather—so is the edge of the top.

But the real proof of quality is durability. Studebaker cars stand up and give long, continued service under the hardest usage.

Studebaker cars are guaranteed. When you buy a Studebaker you get proved quality, proved economy and the guarantee of a great Canadian manufacturer behind them both.

Let us demonstrate the Series 18 models.

## Sporting Facts and Fancies

The little Cuban, Cuetto, who played in the outfield for the Reds while Eddie Rouse was laid up, performed pretty well. A little more training at the hands of Mathewson and you'll be hearing things about him.

Harry Walter is finding National League pitching far more difficult than the brand delivered in the Pacific Coast league. Several seasons ago he used to damage all the fences in the west with his trusty stick. Since the season started this year he has not been able to do better than the average. There are indications, however, that he will find himself soon and let loose a little of his old time stuff.

Hal Chase has gotten over his slump and is rounding into tip-top shape once more. There wasn't any particular reason for the slump except that he just simply couldn't connect for a while. Now, however, things are beginning to look different. He seems to be taking a greater interest in the game and displays considerable more pep than he did for the first few weeks of the season.

Well, look at Grover Cleveland Alexander. Only a few weeks ago they were talking about him in whispers and everybody was sure that a notice was on the way telling of his demise and "please omit flowers." The chief mourner before the fact of Alexander's disintegration seems to have been Pat Moran, and the great gloom that crept about him could have been cut with a butter knife. But a great change has come over Pat. He suddenly woke up to the fact that Grover Cleveland Alexander was still Grover Cleveland Alexander, star boxman and all around good fellow. Incidentally Alexander seems to have swallowed a lot of ginger lately and is letting himself out. All of which accounts for the fact that the Phillies, with their star mound artist at his best, are now in first place in the National league race. Alexander seems to exert a spell over the other Philadelphia pitchers. When he is at his best, they are. When he has a slump they just naturally slide along. Consequently it is up to Alexander to do his best and keep on doing it.

One of the Grand Old Men of baseball is Frank Bancroft, business manager of the Cincinnati Reds, who recently celebrated his seventy-first birthday. He has had his hand in the game since 1877 and naturally knows it from A to Z. In that year he was made director of the New Bedford, Mass., club, and his finger has been in the baseball pie ever since. He did his bit during the Civil War too, if anybody should happen to ask you. He has managed many clubs and brought out a score of famous players during his long career. He gained fame as the leader of the first baseball club to invade Cuba, thereby helping to civilize its inhabitants. The veteran went to the Cincinnati Club as business manager in 1892 at the urgent request of the late John T. Brush, at that time president of the club. He has been connected with the Reds ever since. He is without a doubt today one of the most notable figures in the national game.

Today is the fifth anniversary of Jess Willard's first bout with John "Bull" Young, the boxer who later died after a battle with the future champion at Vernon. The first of the three Willard-Young contests was staged at Fort Wayne, Ind. It was the first time Jess had ever performed in a ring outside of his home state. He took part in eight bouts in that state in 1911. After the last he was arrested and fined \$100. Jess decided to quit Oklahoma after that and went to Chicago. Here he trained for a while and practiced on John Young, who had the reputation of being a man of iron. Willard in those days had an awful punch, but that was about all, for he was clumsy and slow. The second time Willard fought Young he knocked him out in the fifth round. Willard went east and Young went to Los Angeles after that. In 1913 Jess went out to the Pacific coast, was whipped by Gunboat Smith and fought a draw with Charlie Miller at San Francisco. Thence he proceeded to Los Angeles and was once more inched with Young. This meeting was staged in the Vernon Arena. It was a slow, uninteresting bout and the spectators jeered the clumsy gladiators. Jess took it easy for ten rounds, easily avoiding Young's rushes. In the eleventh round Jess hit Young on the jaw. It looked like a light tap, but the "iron man" dropped. He was carried away to the hospital and never recovered consciousness. He died shortly afterwards. His death was a great blow to Willard, who was tried and acquitted, and for a time he seriously considered quitting the game.

out. The weights were, O'Dowd, 154 1-2 pounds; Martin, 154.

NEW YORK, May 22.—Al Badoud, of France, out fought Walter Laurette, of this city, in a ten-round bout here tonight. Badoud weighed 150 pounds and Laurette 147. Chief Turner of St. Paul, out fought Johnny Howard, of

Bayonne, N.J., in a ten round bout. Each weighed 164 pounds.

BOSTON, May 22.—Ted (Kid) Lewis, of England, was awarded a free decision over Joe Egan, of this city, in a 12-round bout here tonight. Egan held his opponent even during the early rounds.

## McLAUGHLIN

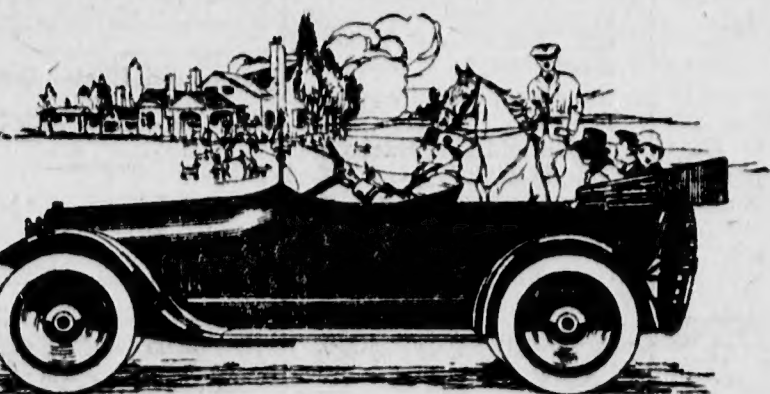

## EASE OF CONTROL

THE increasing number of lady drivers brings added popularity to the McLaughlin. Ladies, as well as discriminating men, like the beauty, style and comfort of the McLaughlin. But they like especially the ease of control—the quick response—the smooth flexible power, the safety and simplicity of operation of the McLaughlin.

The valve-in-head motor with sound engineering principles and advanced styles of coach building has established McLaughlin supremacy and won for it the appropriate slogan "Canada's Standard Car."

Our new catalogue gives descriptions and specifications of the 1917 McLaughlin series in Roadster and Five and Seven Passenger Touring and Sedan bodies at prices ranging from \$910 upward.

Send for your copy to  
**The McLAUGHLIN MOTOR CAR CO., Limited,**  
OSHAWA, ONTARIO.

See the McLaughlin series before buying your 1917 car. There is a McLaughlin dealer near you anxious to show our line.
